

Integration scheme of the tracking module
required for sales and action-based (leads) commission payments

Working scheme of the tracking module

Supported SunnyScript and third party software products

<p>Supported SunnyScript applications:</p> <ul style="list-style-type: none"> - PowerForm (leads) - EasyData (leads, sales) - AccessGuardian (leads, sales) - MailingStar (leads) 	<p>Integration of the tracking module:</p> <p>It is just necessary to enable affiliate tracking at the admin panel of the desired application.</p>
<p>Notes about third party software:</p> <p>Many software developers are supporting YourAffiliates into their products. More information is available from our customer service by e-mail (support@sunnyscript.com). You also find further information at the YourAffiliates manual how to integrate the tracking module into other shopping carts and third party solutions.</p>
